PATHOLOGY & MICROBIOLOGY

Total Duration: Section A + B = 3 Hours
Total Marks: 80

SECTION – A & SECTION – B

Instructions:
1) Use blue/black ball point pen only.
2) Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.
3) All questions are compulsory.
4) The number to the right indicates full marks.
5) Draw diagrams wherever necessary.
6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
7) Use a common answerbook for all sections.

SECTION – A
(Pathology)

(50 Marks)

1. Short answer question (any five out of six):
   (5x7=35)
   a) Define necrosis. Describe types of necrosis with examples of each.
