Instructions

1. Use only black ball point pen only.
2. Do not write anything on the blank portion of the question paper.
   Anything written on this portion will be considered as an attempt
   to resort to unfair means.
3. All questions are compulsory.
4. The number to the right indicates full marks.
5. Draw diagrams wherever necessary.
6. Distribution of syllabus in Question Paper is only meant to cover
   entire syllabus within the stipulated frame. The Question paper
   pattern is merely a guide. Questions can be asked from any
   paper's syllabus into any question paper. Students cannot claim
   that the Question is out of syllabus. As it is only for the placement
   sake, the distribution has been done.
7. Use a common answer book for all sections.

1. Short answer question (any five out of six):
   a) Write about the causes and prevention of osteoporosis.
   b) Mention the signs of upper motor neuron lesion.
   c) Mention the acute complications of diabetes mellitus.
   d) Mention the clinical features of thyrotoxicosis.
   e) Mention the causes of megaloblastic anaemia.
   f) Mention the ill effects of chronic alcoholism.

2. Short answer question (any five out of six):
   a) Clinical features and ECG changes in acute myocardial infarction.
   b) Mention the clinical features of bronchiectasis.
   c) Treatment of tuberculous pleural effusion.
   d) Clinical features of rheumatic fever.
   e) Write clinical features and treatment of bronchial asthma.
   f) Write clinical features of infective endocarditis.
